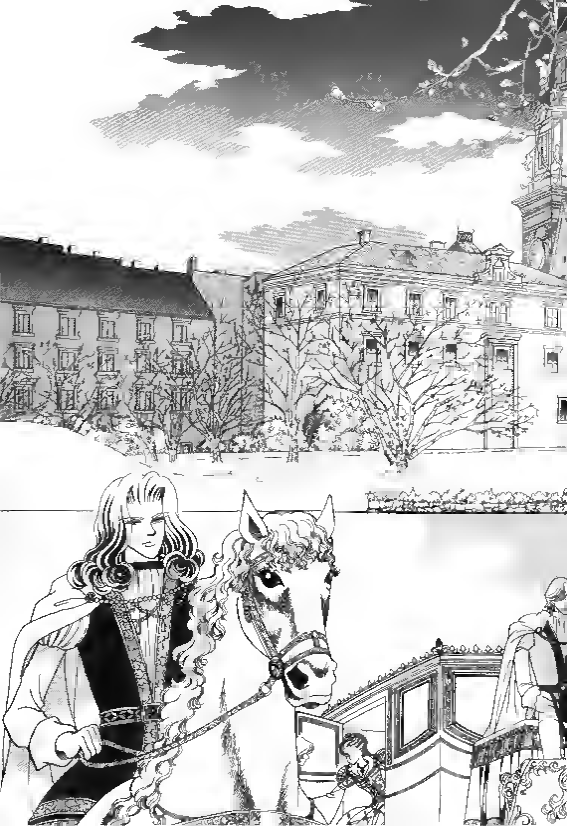
Th s story l es in
a t me when "casite
Tor" was called
Castle Mon ca

프린세스 Princess



This is the castle you've wanted so much for so long, Reuten.
This castle receives Anatoria's spring faster than the royal castle would and is the closest to the capital.

The castle was managed so poorly that it became eas er to buy it
That is Olivia Monica, a daughter of the dead lord. She had an older sister who was married, but she passed away. So, she is the only member left in Monica family. I allowed her to live in a guest's house since it didn't look like she had anywhere to go.
That made purchase of th's castle even eas er
They had so much debt that even sell ng th s castle wouldn't pay the r debt fully
But they st'll haven't lost trust from local farmers So, hav ng her by your s de w ll benefit you wh le you bu ld your foundat on here

I've given you such a nice gift
I wonder how you will repay me
That's it!
I will buy Monica!!
Although fallen the family is still the best powerful It's good enough to compete against the royal family Although they somehow lost their lead and fell like this
It's still the only name that can stand against the royal members
I am going to marry that woman

Mlady, please eat something
So, if the lord comes back ...
At least skirt ...
Right.
He may come back to me after the wedding.
Because the wedding isn't about love
I am just a willow of a rich merchant So all I can give him is money
But the lady has what he wants That's why he's marrying her
He just wants powers
So he will come back to me after the wedding

My God who marr es a noble lady wh le hav ng a grlfr end ?
I feel so bad for the lady
Anyway..t s so sad that the only daughter of the powerful famly s be ng forced to marry a dancer s son
She must be cry ng s nce she d sm ssed us all
Well f she does get marr ed..she wouldn't have to leave th s castle where she was born and ras ed
But I understand her feelng

janimes
www.janimes.com

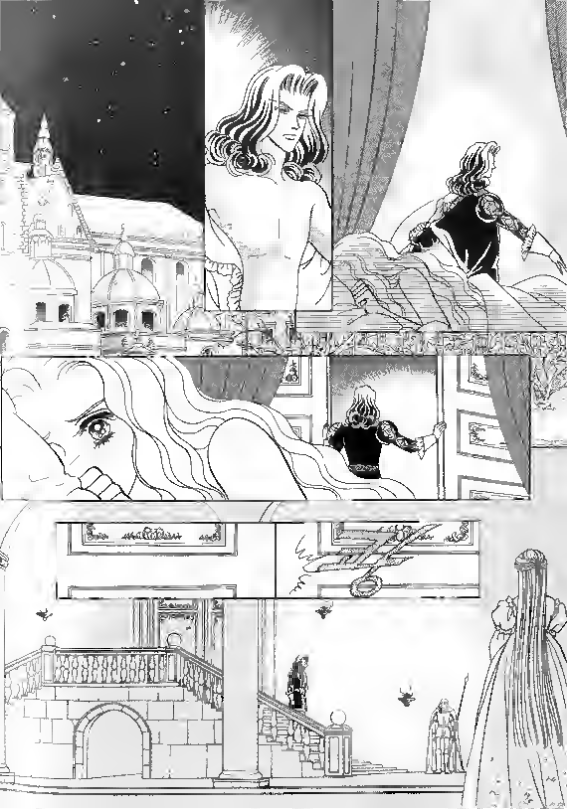
I feel so
m serable
I guess I won't
be able to love at all?
I don't th nk I can
even treat h m l ke
a husband

But -
The servants won't have to leave
I guess I should be thankful for that
I guess
I will at least have to try to make this marriage work
Yes
of course milady
Even though he has her
I will be his wife I guess he will be gentle

You don't need to be afraid.
It's not like I am going to eat you alive.

Take off!
D dn't you hear what I sa d ?!
Take off I sa d!
I bought you! You follow my order

What s that look on your face ?
You are a noble lady and I am just a bastard So I am not good enough for you ?
Have some manners
투 두 둑
투 두 둑
A bastard doesn't know manners !

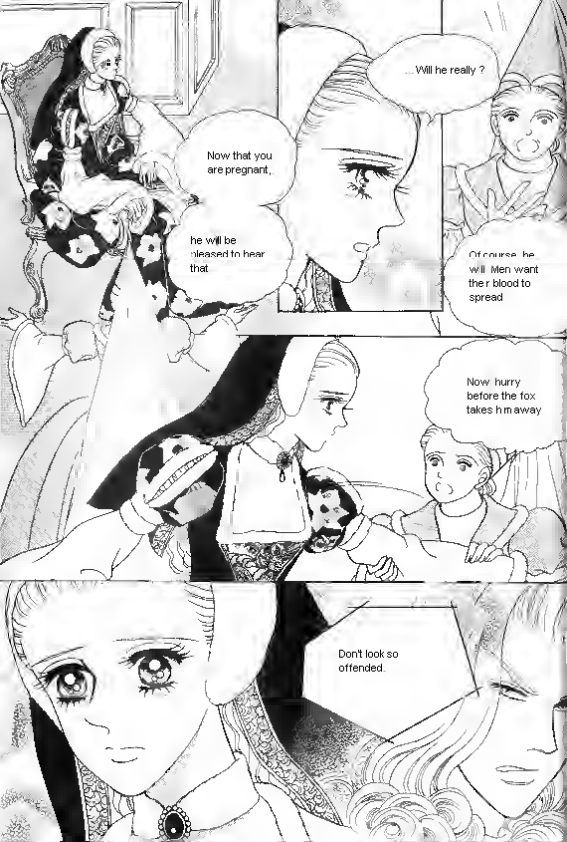


Reuten !
I knew you'd come back to me
I am much better than that 17 year old
I knew you loved me

www.janimes.com

I heard he was sent as a mercenary and was victorious again
The king sees the lord as his rival That's why he orders him to go to war often
Does the king realize that everytime he's victorious he gets richer and more powerful?
Anywhere he goes, our lord's victorious

M lady
The lord is return ng from war You should go welcome h m
Even f I do go
He s go ng to madam Greten anyway
Your behav or s mak ng h m to go to that fox

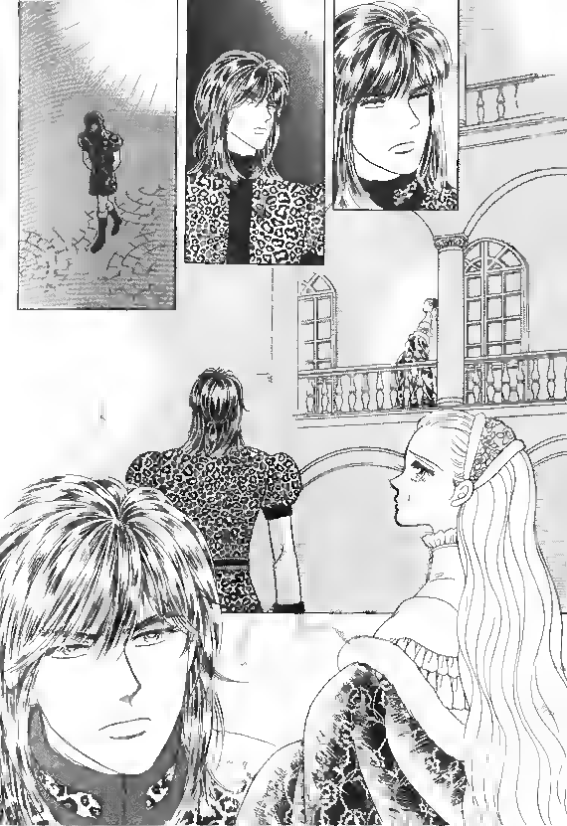


...Will he really ?
Now that you are pregnant,
he will be pleased to hear that
Of course, he will Men want their blood to spread
Now hurry before the fox takes him away
Don't look so offended.

It's not like I want to do this
But since I've decided to use the name, Moncia... at least give me a son
If you don't want me to come bear my child Then I shall not bother you any more

Reuten,
I missed you so much.
Please
Let me bear your child as well.
"As well"?

I find it strange If I were him Id have went to the wife
I don'tk now why he still chooses to be with an old woman instead of a very young one
I guess you are right Our lord has recently earned a rank of Baron But I doubt he will be pleased with such a rank At least a rank of duke huh? He will need a lot of money and power for that
it s all about money my friend Our lord still needs the support of madam Greten
Anyway the miserable one s lady Tor it s like her husband s stolen
it s been 2 years since lady Tor has pretty much been alone hasn't it ?
That s why some say that the guest building s bigger than the main building n Moncas castle
Maybe she will lose her position and the madam will become his wife



I know you don't want to see me.
But you went too far when you didn't even bother to look at me when I was returning from war.
No..it s not

Forget it
Let s just get to the subject
Why d d n't you tell me that you were pregnant ?
You hated the fact that you were hav ng my ch ld ?
Reuten
I don't need excuses !
Too bad huh You ended up bear ng
a bastard s ch ld You a daughter of the h gh lord
You sa d
You sa d

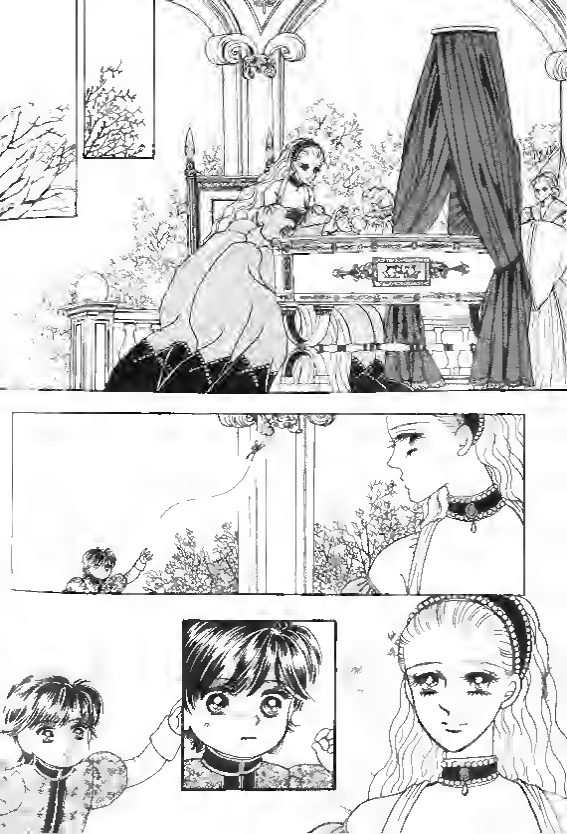
You said that you wouldn't come to me anymore if I bear a child !
So !
So -
Now that you are bearing a child, you don't want me to bother you anymore ?
What I am saying is ...
Fine !
As you wish !

What I am saying is...
I was afraid that you wouldn't come to see me anymore...

He just came back from war
I heard the lord volunteered th s t me

Garashon,
That man seems to be carrying a baby to war.
Ah you must be seeing general Ren Haven't you noticed?
He has always been carrying his child
Doesn't the baby have mother?
She died soon after she gave birth I heard
Since then he has been carrying the child to anywhere he goes
But if he dies in war the baby will die too
He said that if something happens to him it will be too hard for an orphan baby to survive So he's going to die with the baby
But I doubt he will die anytime soon
Even while carrying a baby, he literally flies in battlefields
It's no exaggeration Enemies fear when they near his name Ren Even the lord said he will be fine as long as Ren is with him in battles

He must have
loved h s w fe very much
That must be why
he cares for
h s chld very much r ght ?
He s even prepared to d e with the chld



What s your name ?
Se
Se
It s such a mus cal name
There you are
I am very sorry, ma'am.
Let's go.
Let h m be
Excuse me ?

Sel -
Look at th s baby
H s name s Skade
Would you play wth h m ?
But
You may have not ced that there aren't many ch ldren here at all
He doesn't have any fr ends of h s age
I heard you are go ng to war tomorrow
Wouldn't here be safer than a battlef eld ?

Oh, my Skade

You called me mommy

You are hurt ...
General
That was the beginning

How are you feel ng ?
In the Mon ca castle where even w nd wouldn't bother blow ng.

Warm eyes.
Warm hands.
Doctor sa d you are very lucky

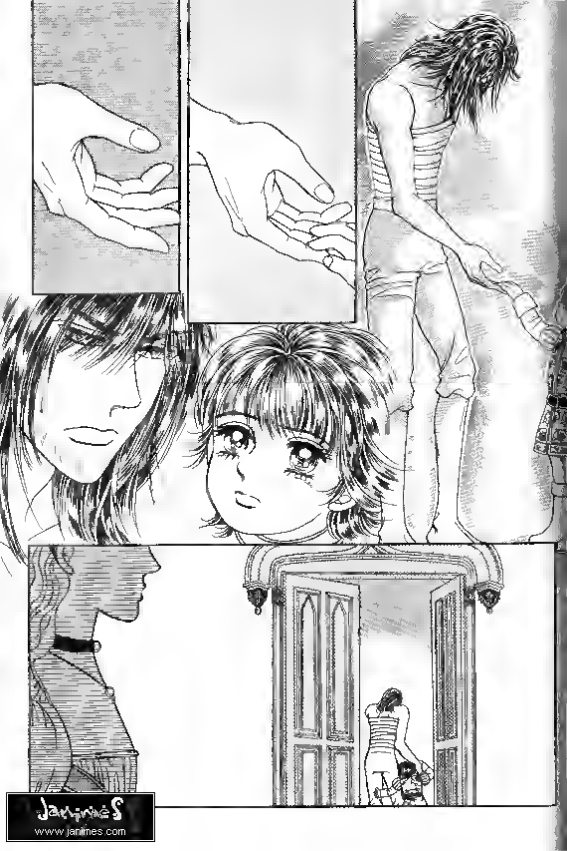
It's not life threatening. Your husband is hurt as well.



Janimes

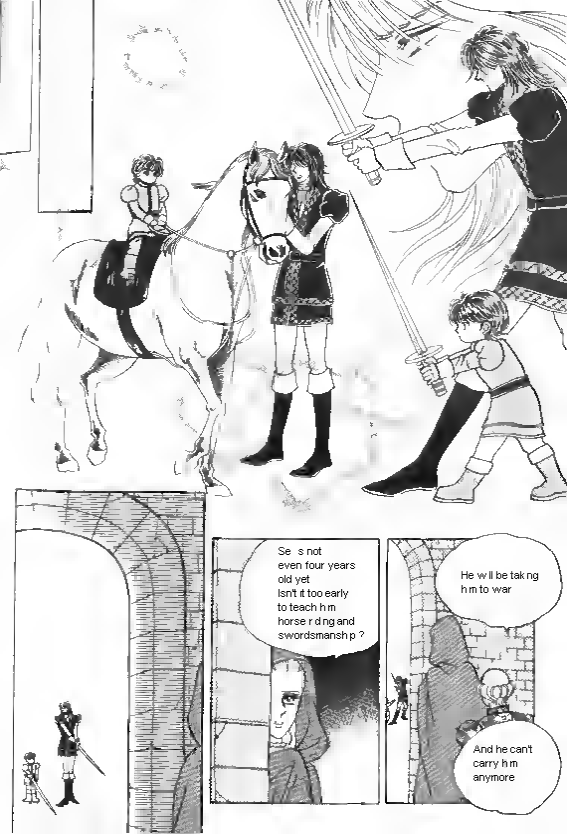
Stop going to war just because the king orders you so
Just send your army
You have Ren
I have to be with Ren all the time
That's how I can avoid being assassinated from king's men
King's assassins were disguised as enemy and attacked me during battle
If it wasn't Ren I wouldn't have been able to make it alive
Just send my army ?
If he finds out I am here without my army, he will send his army to here right away
51

M lady
You should go see the lord
No
I am not go ng
But he s hurt from recent battle
Yes I know But he also doesn't bother with me
He s mply wanted power of the name and a son
He d dn't even bother send ng me a message that he s hurt
But you are h s w fe If you don't go
Accord ng to h s doctor..he w ll be f ne

M lady
You see ...
Garashon ...
Ever since he found out I was pregnant with Skadej,
He has never called me
unless there was a publ c event
I can't take th s anymore
I no longer expect h m to love me
Still he has no r ght to treat me l ke th s
You do know how I've been feel ng
You know

Your precious wife isn't even bothering to come to see to you
I d dn't tell her So she doesn't know probably
She does
She met your doctor
I know she doesn't th nk you as her husband But there are eyes you know
I don't th nk she s act ng w sely



He s not even four years old yet Isn't it too early to teach him horse r d ng and swordsmansh p ?
He w ll be tak ng h m to war
And he can't carry h m anymore

But he ...
Doctor said he still hasn't recovered....
From what I hear, his son is able to learn what his father teaches him.
It seems his son is as talented as his father ...

Reuten, I have a bad feeling about this.
He has never treated you like a brother and now he is inviting you to his birthday party?
You are worry ng too much
I am about to see the benefit of marry ng a Mon ca
The k ng
has murdered several brothers of h s
He has tr ed to k ll you var ous t mes dur ng war. And now that he doesn't th nk he can k ll you that way
It was go ng to happen
sooner or later

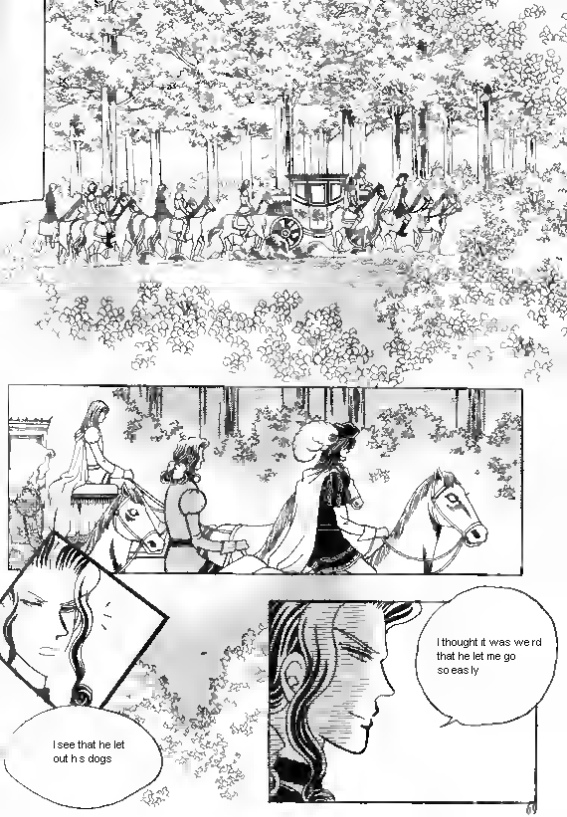
Reuten !
It will be different from being here where there are only your men.
Don't worry There w ll be too many eyes to k ll me in publ c
He just wants
To see who I am s nce I ve been v ctor ous to every war he has sent me to
He doesn't have guts to gnore those eyes
He has tr ed to k ll me but he has always fa led My ex stence bothers h m
So, he probably wants to see my face
I was the lowest among the dead k ng s ch ldren
So he gnored my ex stence so far
He w ll be
Now that I am becom ng a potent al treat to h m he s probably surpr sed
surpr sed
more and more

Baron Tor
So that s
Yes the king s half brother who marr ed a lady of Mon ca

Because of his mother's rank, he wasn't given the king's last name and was sent to a remote region after giving me a rank of Baron, right?
It is understandable that he was treated badly. It's not like his mother was from a powerful family or had political power.
Even so...it doesn't change a fact that he also carrys royal blood. The king can't simply ignore him forever which is why he invited him this time.
Furthmore, he marr ed a lady of Mon ca. Mon ca has so many connect ons to other fam l es. Many powerful fam l es are connected to Mon ca.
I heard he has been v ctor ous n every battle the k ng has sent h m to ?
Hoho he's also good look ng. No wonder the k ng s beg nn ng to pay attent on.
Shh watch your words. We pretend not know ng anyth ng even through we do know. That s the deal.
www.jaimes.com

Welcome, Baron Tor and Mrs
I congratulate on your b rthday your majesty
I thank you
And I am very pleased
I only saw you once when we were ch ldren Now that you ve grown to be a f ne man and have done a great deal of deeds for me I d like to have you near me
As you w sh your majesty
I w ll answer your call anytme

Olva you've grown to be a fine wife
I am your mother's cousin Margus Garu
I saw you few times when you were a child
This is your uncle's cousin
This is
I see that your husband is becoming stronger
But he will need to be extremely cautious from now on
The king is very sensitive about his half brothers



I thought it was weird that he let me go so easily
I see that he let out his dogs

So the king didn't have guts to kill me in public
How's it?
We are surrounded
Where are my men?
Over that hill in front of us
I shall earn time Milord please go as fast as you can
Yes they will think you are me
Good luck

How did I

We could

Only your

But it was too dark
already at that time
We were unable to

Don't fall asleep
Don't fall asleep

Just hold on
As soon as it gets bright I will go and find someone

He is your son.
He is your responsibility !
I thought you were going to die with him.
So, you must live !
Are you cold ?
Yes
Night in forest brings cold wind that pierces your clothes and to your bone
Besides you lost too much blood

I, too, ...
am cold ...

He lost way too much blood
Doctor Wenger,
How is he ?
He doesn't generally get hurt th s badly Just how many d d he f ght aga nst ?
There were so many that I couldn't count
dead bod es were all over the area
But still he was al ve alone
I am going to use mysterious herbs he uses in emergency
If that doesn't work ...

Thank you
God for spar ng you
Thank you for

I should have sa d the same to h m
I was just so gratful that
You were still al ve
I should have sa d it at that t me
Please surv ve
so that you can l sten

I've found his herbs
But general Ren has always treated himself rather than seeing a doctor
I don't know majority of herbs in these Let alone how to use them
Mlady !
You are safe !
I was so worried
My. God
Look at you

You called me?
Leave us in private.
I was hurt and I had to call you to make you come here

I was go ng to come back w th my army
I had no dea that you wanted to see me
But you d d not
See ng how you kept on runn ng leav ng me n enemy s hands
I fell off my horse and lost consciousness
You still did not come back for me after you regained consciousness
t was too dark I f gured it was futile to search for you n such darkness
If it was me bleed ng nstead of genreal Ren I would have d ed
But you d dn't d e

It doesn't look like you are hurt that badly either
So you wanted me to hurt badly
Perhaps you wanted me to die
You always have to make negative assumptions, don't you
I see that you are fine May I be dismissed, m'lord ?

Are Skadej and Sei asleep ?
Yes mlady
Let s get prepared to head for general Ren s
Mlady
I know I am not really in a post on to say anyth ng but you should stop
Why ?
If others keep seeing you visiting general Ren's room constantly ....
It won't do any good for both of you
....

I will stop after he regains consciousness
He can't even open his eyes
And it was all because of me
Because of a woman whose own husband abandoned
He wasn't even fully recovered from last wound
How could I simply ignore him as a human being?
How could I just
leave him and let him die like this ?

So ...
Please wake up
So that I can stop worry ng about you
So that I don't have to feel the pa n
You ve been unconsc ousness for too long
I am taking care of Se now
I can't show you to h m when you are l ke th s I fear he w ll get hurt
I w ll br ng h m here after you are healed much more
So ...
Please wake up

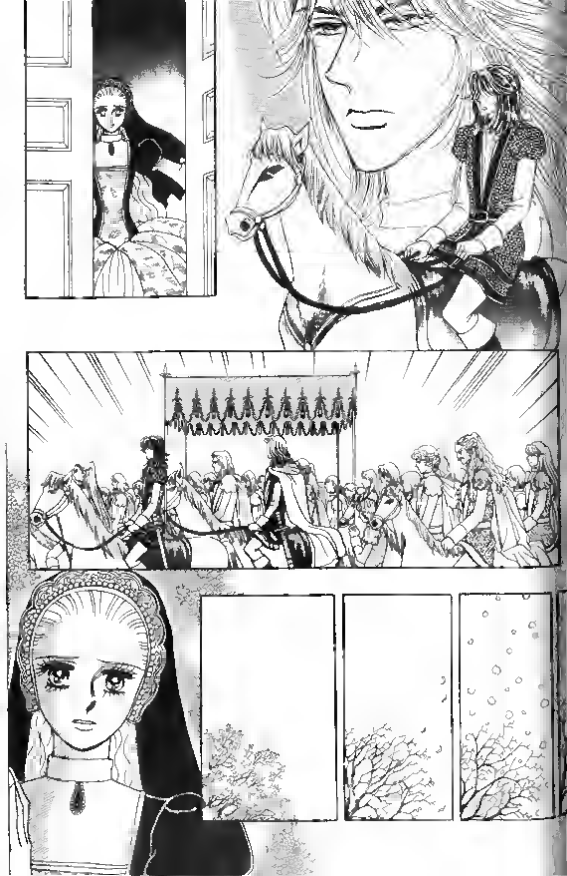
Doctor Wenger

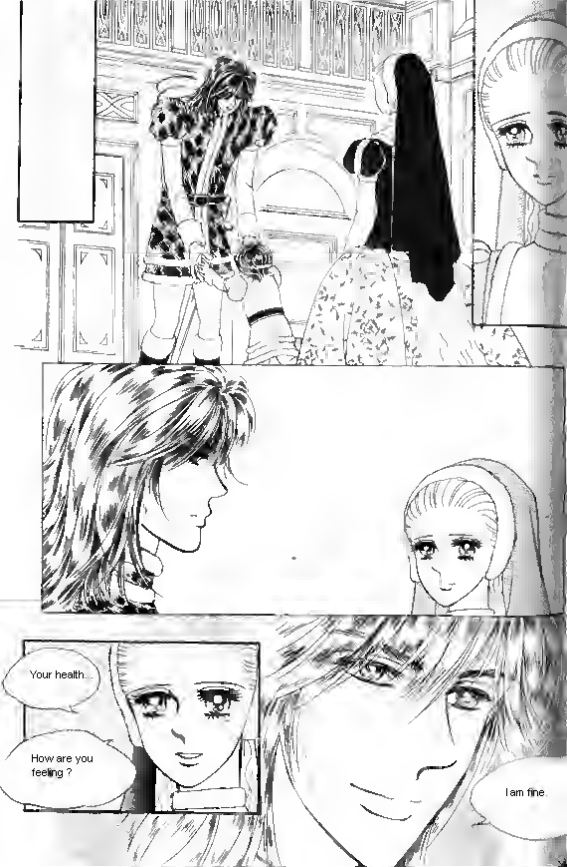
Look who is here
What makes you to come here wife ?

General Ren is still a patient
It is too early for him to fight in war
So ?
I am asking you
to remove him from this battle
Hey wife
Who are you to ask that ?
He saved my life I owe him

Listen to me !
You should remember that you owe me as well
For not execut ng you because of th s !
Reuten !

It seems you don't know well about your husband
Your method was bad
Reuten doesn't like being confronted straightforwardly
These days, it's normal for a noble lady to have a boyfriend or two
But aren't you going too far for advertising in front of your husband?
Watch your words
We are
We are nothing like that
No ?
I thought you two were
Excuse me, I have to say good-bye to Reuten before he leaves





Your health...
How are you feeling ?
I am fine.

Glad to hear that
For the sake of Se you should be careful
From now on
I will try not to get hurt
So that you won't worry as much

www.jaimes.com

What br ngs me here ?
Do I have to have a reason to v sit my w fe s room ?

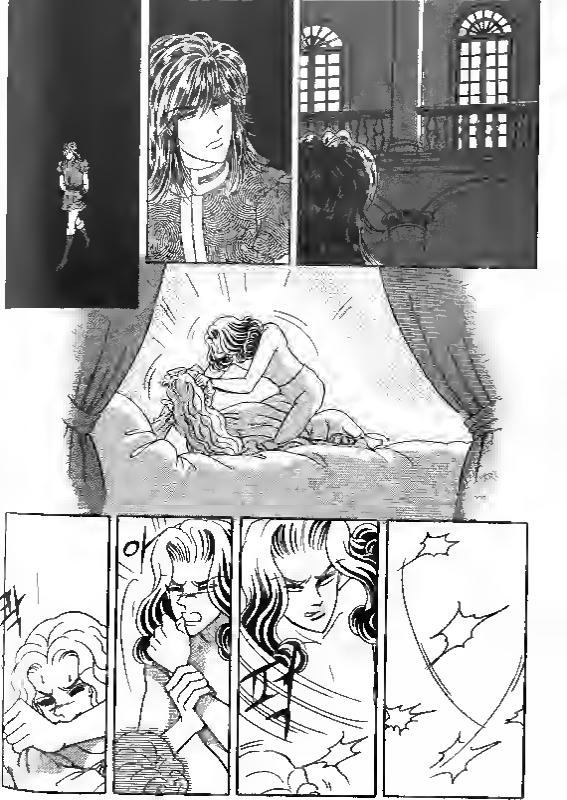
Don't come any closer
How am I supposed to do my job f I don't ?
No
I am the one who dec des !
I need another son !

Don't do this

Don't come any closer !
I have every right to refuse !
Your feelings are no concern of mine !!



아

If you come here ever aga n
Then I

Is someone ill ?
The steward notified me that the lady might be so But I couldn't see her
How ill is she ?
Well according to her maids she has locked herself in her room for two days and have not let anyone in

Conv nce her somehow so that she w ll open the doors
I th nk she s ll
I fear someth ng bad m ght happen to her But it s not l ke I know anyone I could entrust for th s task

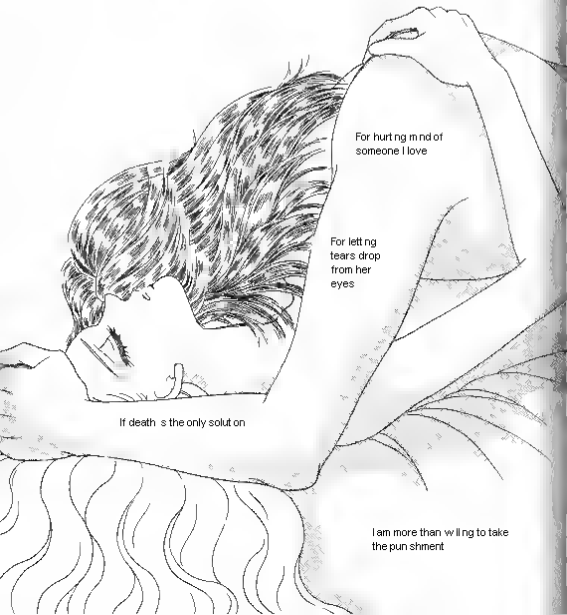
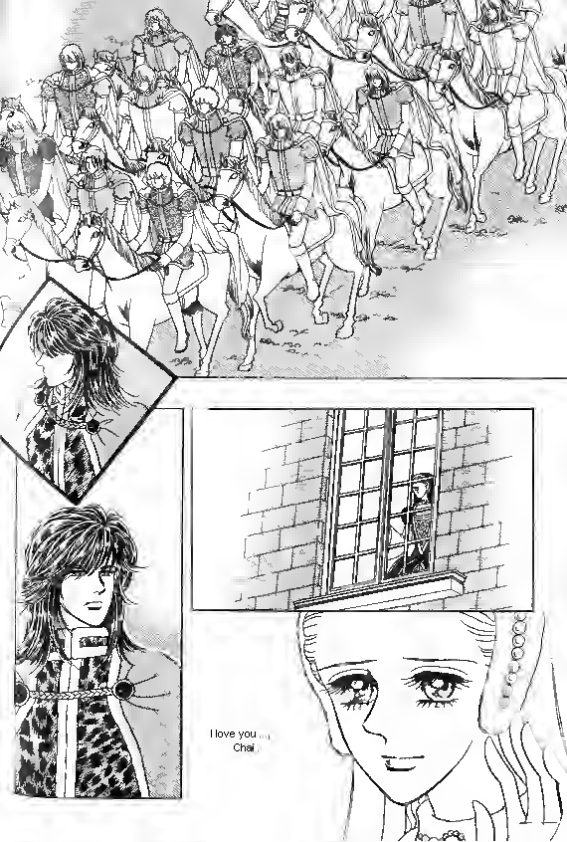
I will take full responsibility

For loving a woman who
I mustn't have





I love you ...,
Chai

I sold a small castle in a remote region.
This should be enough to hire mercenaries to fill the gap.
Good
I must fill the gap before the king plans something
Charen's return is becoming too late
It's been nearly two months now
Skade is staying in the guest house
And your wife has not been doing anything at all as if she's dead
There aren't enough activities in this large castle

Has she taken a meal today ?
No she refused again
Give it to me I will talk to her
Garashon!
Have you had any luck?
I hired a trustworthy man
But he hasn't been able to find out anything about general Ren's army

www.janimes.com

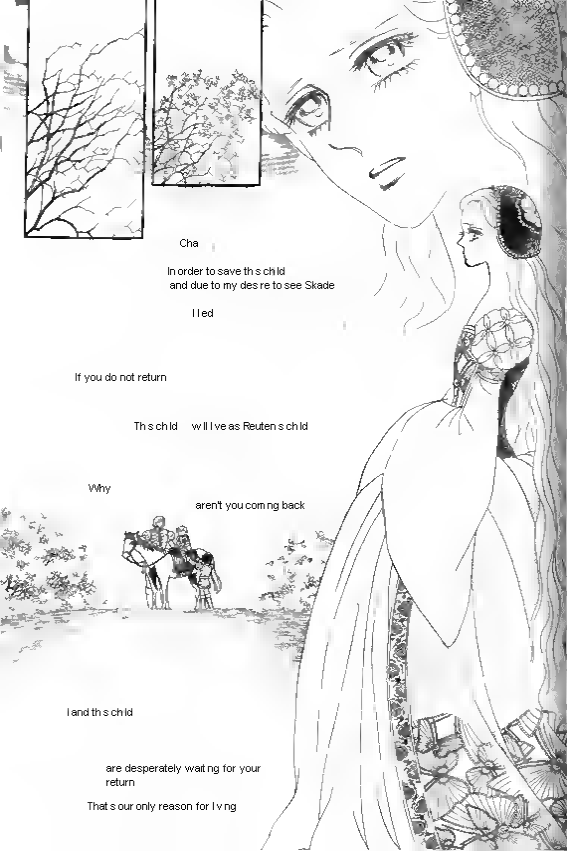
It s a baby right ?
Right Mlady ?
Th s s
Cha s ch ld
You should let the lord know of th s great news
Maybe he w ll send your son back to you
"If you g ve me another son I w ll g ve back the old one to you"

You conceived a baby that night ?
When was it ?
Wasn't it like four months ago?
Why are you telling this to me now ?
You just found out ?
If it wasn't my desire to see Skade
I wouldn't have told you until birth of the baby

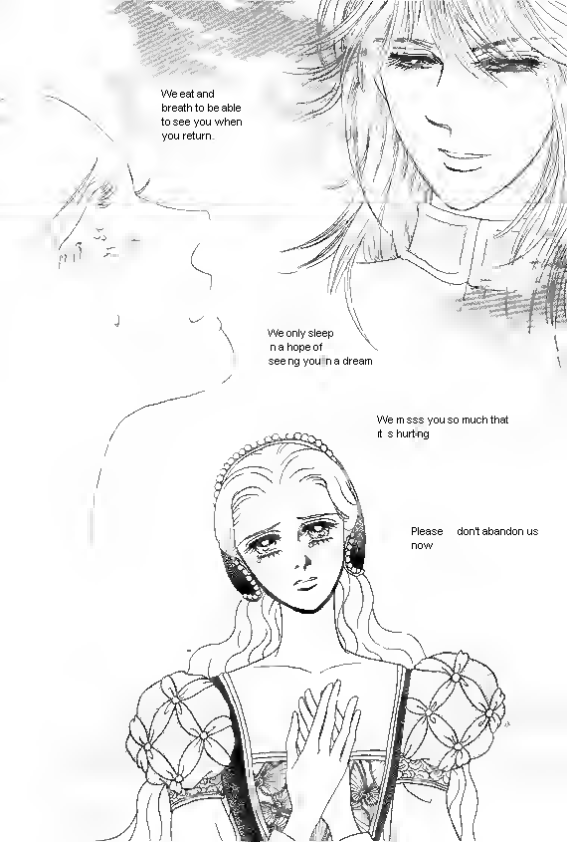
I am going to need confirmation
Who knows if you are trying to pull a trick on me
Congratulat ons m lord
How many months old ?
I don't see any phys cal change Is it st¶ n an early stage ?

Mlady
I am sorry to ask you th s but when was it that your per od stopped ?
About three months ago
You should eat more
I w ll make you a med c ne that w ll help you
If so then the baby s four months old
Th s also happened when you had the little lord

I made some pills for you. Please take this in morning and evening everyday.
I didn't know he'd call a doctor
Dr Wenger
We, doctors,
are there to save life.
Bes des I am a Mon ca s doctor
Thank you



Cha
In order to save th s ch ld
and due to my des re to see Skade
I l ed
If you do not return
Th s ch ld w ll l ve as Reuten s ch ld
Why
aren't you com ng back
I and th s ch ld
are desperately wait ng for your
return
That s our only reason for l v ng



We eat and
breath to be able
to see you when
you return.
We only sleep
n a hope of
see ng you n a dream
We m sss you so much that
t s hurting
Please don't abandon us
now

You should stop hiring mercenaries. Your army is becoming too big. The king will think this as a bad sign.
I have to make it so that the king would not dare to attack me easily
By the way
It s strange
Your wife She should have given birth a long time ago
Conceiving a child everytime she slept with you How lucky s she
I tried so hard and yet I ve failed to conceive all this time

What
What do you mean
Why isn't it out yet ?
it s been more than ten months
The doctor sa d
it could be late
Who is the father
You ....
아 아~

I hope that she w ll lead a happy l fe as a woman
I hope that she w ll be loved by everyone
I hope that she w ll be happy

Sei -
You don't have to carry her if she is too heavy for you
It s okay
He treats her as f she s h s own s ster
He cares about her so much
Hey sn't that general Ren ?

Greetings m lady
Cha Ren reporting back
I was captured by enemy
troops but have managed
to escape

Welcome back
Father
Se
You ve sure grown
Father
th s s Hezel
She s the lady s
daughter

Look who has been waiting for me at night.
How moving.
I heard you imprisoned general.
So ?

He managed to return after so much effort
He lost all my men! According to his own words he should have not been able to return! He is a spy!
I am going to prove that he is a spy!
Spare him please!
Just exile him or something
Get out before I order my men to drag you out!

프린세스 Princess

You are a spy
I will not let you get away !
Kill him
Yes sir

Stop !

I know that you cannot be defeated with this amount of men.
So, I've prepared a small gift for you.
Sei !
What have you done to a child ?
He s drugged lt s just sleeping pll
I can use tr cks as well

I have a deal for you.
If you !
Kill yourself here,
I will spare others.
nclud ng your son !
and you know who ! !

No
No don't even cons der
I hope that
You w ll keep your word
Of course
No !
Chai !

You sa d
you wouldn't
leave without me
You said you
wouldn't die without
me ...

The promise you made
Please
don't abandon it

When you return

I was go ng to elope

Even if you try to stop me

I was go ng to elope no matter what

Hold ng hands of our ch ldren

I wanted to escape to a place where I don't have to feel my tear every s ngle day

Jaynes

That s why I l ved on
That s why I had my eyes open
That s why I waited
To a place where it s f lled with happ ness

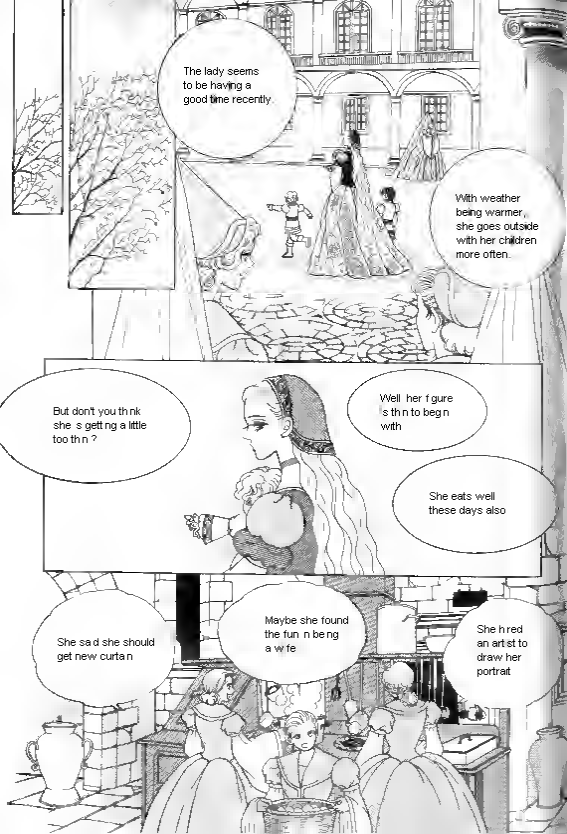
And you don't have to l ve if you don't want to !
... So, this is my turn now.
I know you've been murder ng people who were at the scene
Even if you die, you have to leave good impression to people ..
So how are you go ng to murder me ?
I guess your word that you'd keep me al ve we ghts noth ng

So, if I say she is not, you are going to murder her as well ?
Did you really expect me to let you live after seeing you like this? But I will not kill you with my hands.
Especially if Hezel is my children as you claim to be.
I would rather kill her with my own hands than let you torture her to death
Anyway I don't want to be seen as...I am the bad one to the children
So ?

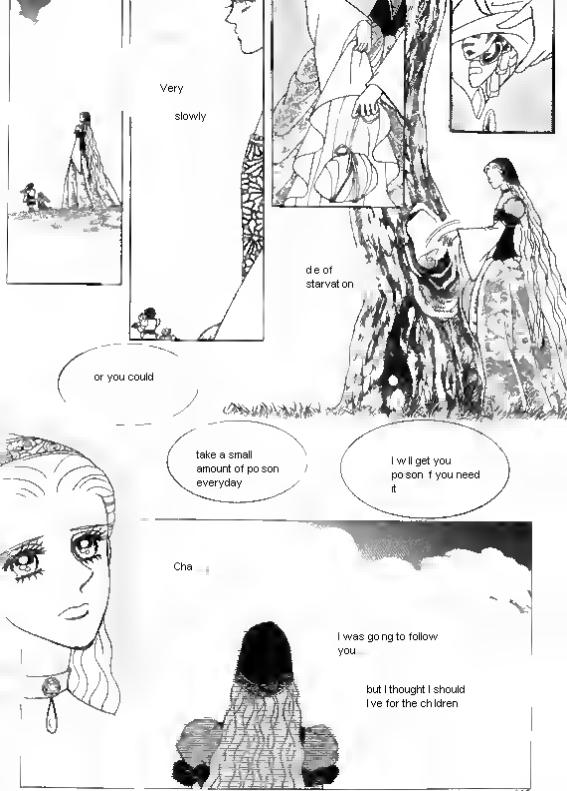
One day,
I will take over
the throne and
become king for
And your son
will be the heir
It sounds
wonderful...
isn't it
And for that
there can't be
any divorce
or indecent
wife
or the bastard
husband who
killed his own wife
None of that

So ?
De
slowly without
letting others notice
The children
will be safe
I give my word for
that
Skade will be safe
As well as Hezel
and Sej ...

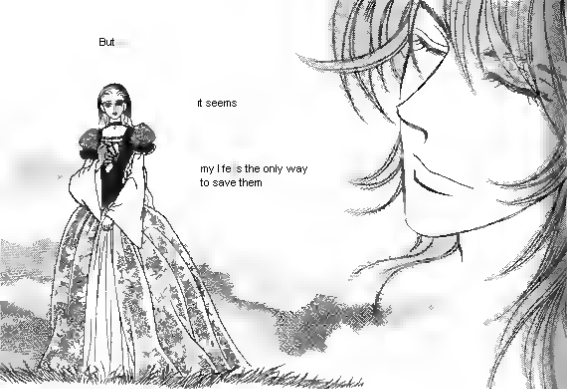
Your word means noth ng
It doesn't change anyth ng even f you don't trust me
Then tell me
the best way to d e
First of all, get out of bed and be active.
As if you aren't going to die anytime soon.
I do not want people to th nk that you followed Ren
And then
slowly
naturally



The lady seems to be having a good time recently.
With weather being warmer, she goes outside with her children more often.
But don't you th nk she s gett ng a little too th n ?
Well her f gure s th n to beg n with
She eats well these days also
She sa d she should get new curta n
Maybe she found the fun n be ng a w fe
She h red an art st to draw her portrait



Very
slowly
die of
starvation
or you could
take a small
amount of poison
everyday
I will get you
poison if you need
it
Cha...
I was going to follow
you...
but I thought I should
live for the children



So

Just wait a little
more

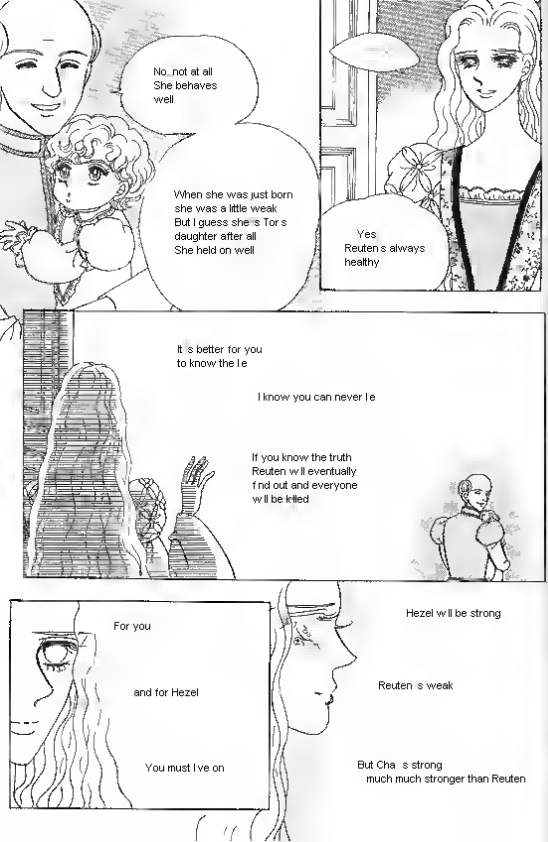
Doctor ?
But I am not
ill at all.
The steward
is worried.
You are taking
your meals well
but are getting too
thin
I am not ill at all
Just make me
some medicine
if you must
Pills I'd prefer
It looks like
Hezel favors
you like I do
Good night
See you
tomorrow
morning
Sweet dreams
I hope she doesn't
bother you too much
while sleeping



No_not at all
She behaves
well
When she was just born
she was a little weak
But I guess she s Tor s
daughter after all
She held on well
Yes
Reuten s always
healthy
It s better for you
to know the l e
I know you can never l e
If you know the truth
Reuten w ll eventually
f nd out and everyone
w ll be killed
For you
and for Hezel
You must l ve on
Hezel w ll be strong
Reuten s weak
But Cha s strong
much much stronger than Reuten

Why are you coming down already ?
The lord is here.
He seems to visit her room more often recently.
They seem to be getting along well.
You are tak ng too much t me
F n sh it before people not ce
Sure

Lady
Se
Look after my children
I can
only trust you
You are
Our young Hezel
please
her brother

I hope you understood what I meant
Do not forget what I said
Forgive me for leaving you such burden
Protect her
in shadow
I am sorry
I am sorry
for leaving you such a task when yourself is still so young
